Understanding Your Score Report

Overall Score Level, Section Scores, and Performance Descriptors

Your score report provides both an overall score level and individual section scores. Overall score levels range from 1-5 and are accompanied by overall performance descriptors. The scaled score for each section ranges from 200 to 300 and is reported in 5 point increments. Scores from 3 different sections should not be directly compared because each measure is scaled separately. The total score is a sum of the 3 section scores and ranges from 600 to 900. Section scores are accompanied by section performance descriptors. For more detailed information about the score scales and performance descriptors, please visit ***www.ets.org/toefl_junior.***

CEFR Levels

It covers six proficiency levels: A1, A2, B1, B2, C1 and C2, with C2 being the highest level. The performance descriptors for each section of TOEFL Junior are adapted from the CEFR level descriptors to reflect the TOEFL Junior test content and the age of the test takers. For more detailed information on how TOEFL Junior test scores relate to the CEFR, please visit ***www.ets.org/toefl_junior***.

Recommended Score Validity – 2 Years

TOEFL Junior measures a test taker's current level of English language proficiency and is not designed to be a predictor of future TOEFL iBT® scores. Because of the rapid development of English proficiency by test takers within the TOEFL Junior recommended age range, it is recommended that scores not be used beyond 2 years. However, scores can be considered valid beyond 2 years if the test taker has provided evidence of having maintained the same level of English language learning.
